Civil society

"Any organizations, whether formal or informal, that are not part of the apparatus of government, that do not distribute profits to their directors or operators, that are self-governing, and in which participation is a matter of free choice. Both member-serving and public-serving organizations are included. Embraced within this definition, therefore, are private, not-for-profit health providers, schools, advocacy groups, social service agencies, anti-poverty groups, development agencies, professional associations, community-based organizations, unions, religious bodies, recreation organizations, cultural institutions, and many more."

Ընտանիքից, կառավարման մարմիններից և շահույթ հետապնդող ոլորտից դուրս գտնվող ասպարեզ, որը **ձևավորվում** է անհատական կամ հավաքական գործողությունների, կազմակերպությունների կամ հաստատությունների միջոցով՝ **հանրային շահը պաշտպանելու** համար:

Prezi

DePo's view

Մեր տեսլականը՝ ՔՀԿ-ները փոփոխության գերկարևոր ինստիտուցիոնալ գործիչներն են: ՔՀԿ-ները տեսլական ունեցող, անկողմնակալ, ազատության սկզբունքներով առաջնորդվող կազմակերպություններ են: Նրանք խթանում են կամավորությունը, ճկուն են, ակտիվ, գործին նվիրված ու նորարար: ՔՀԿ-ները տեղեկատվության ազատությունների ապահովման հիմնական գրավականներից են և նվիրյալ ծառայություններ մոտուցողներ: Նրանք համագործակցում են պետական կառույցների հետ և, միևնույն ժամանակ, հավատարիմ են մնում ազատության և քննադատական մոտեցման սկզբունքներին:

Prezi

Achilles NGO's needs:

- **Policy level**: fight corruption and high-level bias in road expertise
- Large scale information campaigns for the **public**
- Capacities to represent the constituency in the **court**

Prezi

After capacity building:

- Providing services for fees to the drivers' community
- Incorporate European know-how and lobbying capacities in the organizational practices
- Coalitions with other right protection NGOs.

Prezi

Martuni WCC's needs:

- Long-term strategy
- Quality services
- Public trust
- Tune local policies to local needs
- Build and run coalitions
- Nurture the growth of other CSOs

Prezi

After capacity building:

- Communications improved
- Infrastructure improved, costs decreased
- Staff developed
- Sustainable social enterprise
- Local networks built and trained
- Partnerships formed between LG and CSOs.

Prezi

CSO DePo is designed to:

Make CSOs more sustainable

Develop CSOs' strong internal capacities, marketing capacities and coalition-building capacities so that they better deliver services, advocate and monitor reforms in governance, economy and social sphere.
